Summary | Computer Science Engineer experienced in designing and building scalable web applications, specializing in Full Stack Java Development.

Skills

Languages : Java, Javascript, Python
Frontend : Javascript, React.js, Tailwind, HTML, CSS
Backend : JDBC, Hibernate, SpringBoot, RESTAPI
Database : MySQL

Tools : Git, Github, Docker, Postman
Others: DSA, OOPs, Collections Framework, Exception Handling, Multithreading

Internship

Sanyu Infotech Pvt. Ltd.

- Developed and integrated backend features using Java and Spring Boot.
- Worked with REST APIs, MySQL database operations, and application testing.
- Collaborated with the development team to implement new features and resolve bugs.

Projects

PlanMyTrip – Full Stack Web Application

- Developed a travel planning web application using Spring Boot, HTML, CSS, and JavaScript
- Implemented REST APIs, JWT authentication, and MySQL database integration
- Designed responsive UI with secure user login and destination management features.
- Tools & Technologies: Java, Spring Boot, HTML, CSS, JavaScript, MySQL, JWT, REST APIs, Postman, Git

Blossom Cart – Online Flower Shop

- Built an online flower shopping website with user registration, login, product catalog, and order management.
- Integrated database connectivity for smooth order processing.
- Tools & Technologies: HTML, CSS, JavaScript, PHP, SQL

Education

Sharad Institute of Technology, Yadav.
B.Tech in Computer Science and Engineering

2022 - 2026

Relevant Coursework

- Web Technologies
- Data Structure and Algorithms
- Database

ACHIEVEMENTS & CERTIFICATIONS

- Coordinator – National Level Events Impetus and Innovation. 2023-24
- Achieved 93.5% in the NPTEL The Joy of Computing using Python Programming certification examination conducted by NPTEL in association with IIT Ropar.
- Successfully completed the NPTEL Cryptography and Network Security certification with a score of 72%, offered by IIT Kharagpur.
- LeetCode 365 Days Consistency Badge. 2025

Training

Techno Plus Logic group

- Completed training in web development, where I gained hands-on experience in HTML5, CSS3, and JavaScript.

DSA in Java – Alpha Batch 5.0

- Learning core Data Structures and Algorithms in Java—including arrays, linked lists, strings, stacks, queues, and sorting, etc
